

THE MAYOR AND BOROUGH COUNCIL
of the
BOROUGH OF GLEN RIDGE
County of Essex
State of New Jersey

Monday, April 24, 2023

RESOLUTION NO. 89-23

Offered by Councilor **MANS**
Seconded by Councilor **MEYER**

RESOLUTION ENDORSING THE ADOPTION OF GREEN BUILDING PRACTICES FOR CIVIC, COMMERCIAL AND RESIDENTIAL BUILDINGS

WHEREAS, buildings account for 39% of CO2 emissions – more than either the transportation or industrial sectors. In addition, buildings account for nearly 12% of potable water use, 65% of waste output, and 71% of electricity consumption in the U.S. (U.S. Green Building Council).

WHEREAS, green building – also referred to as sustainable or high-performance building -- is a collection of better design, construction, and operating practices that have the potential to reduce or eliminate the negative impacts of development on the environment and on human health. There are many examples of green building programs and guidelines that have been propagated at national, state, and municipal levels. They commonly address energy efficiency and carbon emissions reduction, water conservation, waste reduction, healthy and sustainably produced materials, indoor air quality, occupant productivity and health, and other components of green building and sustainable development.

WHEREAS, the purpose of this resolution is to enhance the public welfare and assure that commercial, residential and civic development is consistent with the Borough of Glen Ridge's desire to create a more sustainable community by incorporating green building measures into the design, construction, operation and maintenance of buildings.

WHEREAS, the Borough desires to set a leadership example in the area of green building through the implementation of energy efficiency audits and upgrades to the municipal building stock, and continue procurement practices. (e.g. improve water conservation, reduce light pollution, increase construction waste recycling).

NOW, THEREFORE, BE IT RESOLVED that the Borough of Glen Ridge hereby implements a Green Building Policy that will consider opportunities to incorporate green building measures into the design, construction, operation and maintenance of municipal buildings and facilities.

I, Tara Ventola, Municipal Clerk of The Borough of Glen Ridge, in The County of Essex and in The State of New Jersey, do hereby certify the foregoing to be a true and correct copy of a Resolution adopted by The Mayor and The Borough Council on Monday, April 24, 2023.

Tara Ventola
Municipal Clerk
